# Program Update

Greg Johnson, Program Administrator

# Executive Steering Group Update

## May 20 Meeting

- ▶ Received information on EAG's work to frame equity on the IBR program
- ▶ Reviewed the written federal guidance on including equity and climate in the Purpose and Need, and further details on the IBR approach moving forward
- ▶ Provided feedback to the program to share with the Bi-State Legislative Committee
- ▶ Next meeting July 15: Update on Climate Framework, Screening Criteria, and Design Options

# Community Advisory Group Update

- ▶ Staff meet with every CAG member to hear thoughts and experiences with program.
  - Received positive feedback and thoughts on improving processes.
- ▶ Approved Community Values & Priorities by consensus at June 3<sup>rd</sup> meeting.
- ▶ Filled vacant at-large position on CAG
- ▶ Program listened to CAG provide feedback on what program success looks like for each member & organization. Valuable feedback was heard.
- ▶ Next meeting is July 1<sup>st</sup>: will have screening criteria introduced.

# Update: Screening Criteria & Performance Measures

Angela Findley, Environmental Lead

# Design Options and Alternatives

## ► Design Options

- Specific design choices that address physical or contextual changes
- Will be considered on their own and in relation to other program elements

**Option A**

**Option B**

**Option C**

## ► Alternative

- Single combination of design options that, when packaged together, address the identified transportation problems

# What about...

- ▶ **Disaggregated origin/destination data?**
  - Available O/D data does not capture this, will require some assumptions after combining with demographics
  - Commutes between census blocks by wage levels, age, and some industry classifications is available, analysis in progress
- ▶ **Figures for people with disabilities?**
  - No available census/ACS data cross-tabulating transportation and disability
  - Transit agency surveys? Other recommendations?

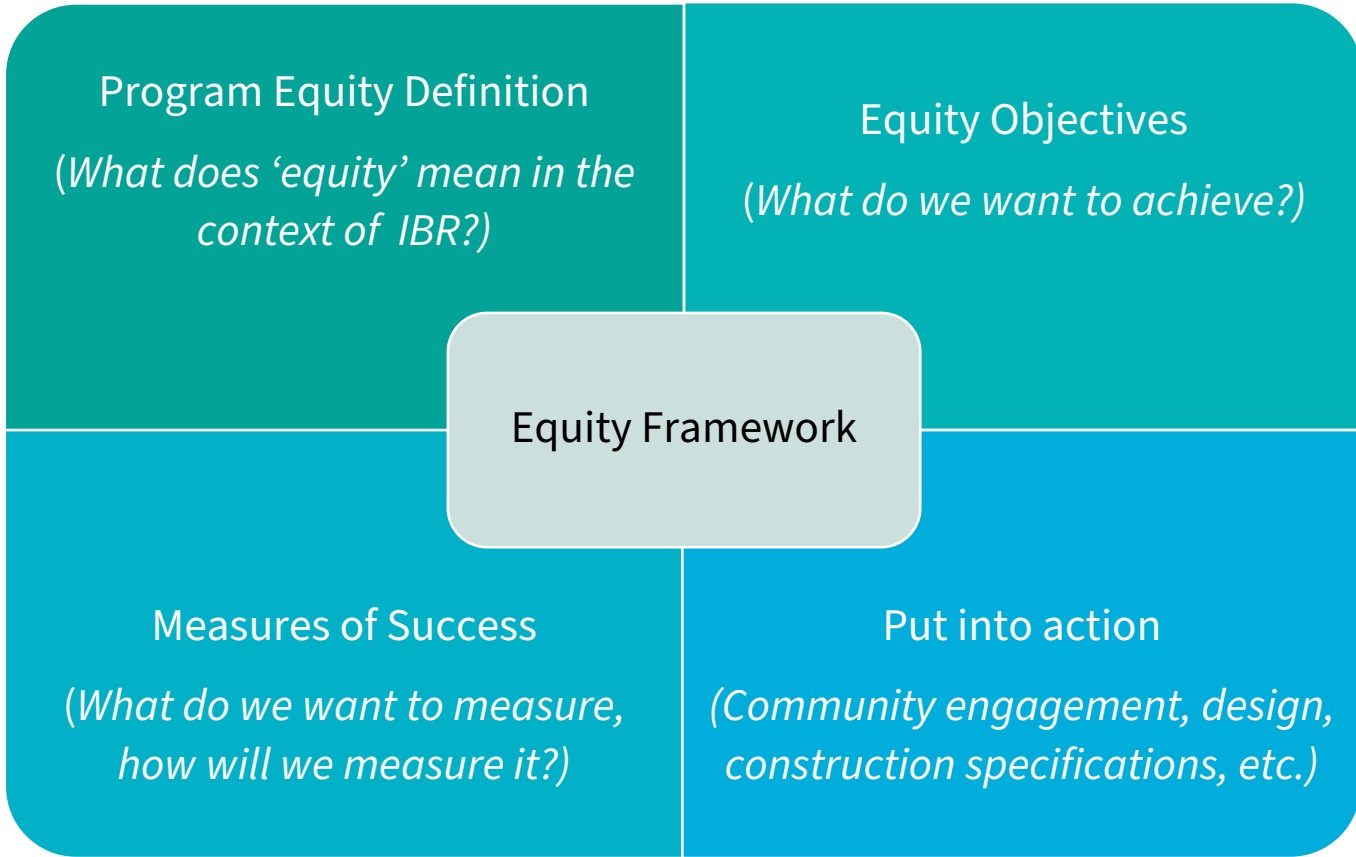

# Equity Framework Development

Chris Lepe, IBR Equity Panel

# Equity Framework Development: Purpose

- ▶ **What does it mean to achieve equity through the Interstate Bridge Replacement Program, & how will we achieve it?**
  - An essential step of the IBR equity advancement strategy is to develop an Equity Framework to provide a shared understanding of what the Program seeks to achieve and how it will be achieved. The Framework identifies the steps the Program will take to advance equity, including emphasis on both process and outcomes.

# Draft Equity Framework Outline - Key Elements (Overview)

1. Context/background
2. Equity Definition
3. Operationalizing Equity
  - a. Equity Objectives
  - b. Measures of success
  - c. Activities
4. Glossary
5. Authors and Contributors

# 1. Context/background

- ▶ Introduction/Purpose of the Framework
- ▶ Historic context
- ▶ IBR program equity commitment
- ▶ Demographic overview

## 2. Definition of Equity

The Interstate Bridge Replacement program defines equity in terms of both process and outcomes.

**Process Equity** means that the program prioritizes access, influence, and decision-making power for marginalized and underserved communities throughout the program in establishing objectives, design, implementation, and evaluation of success.

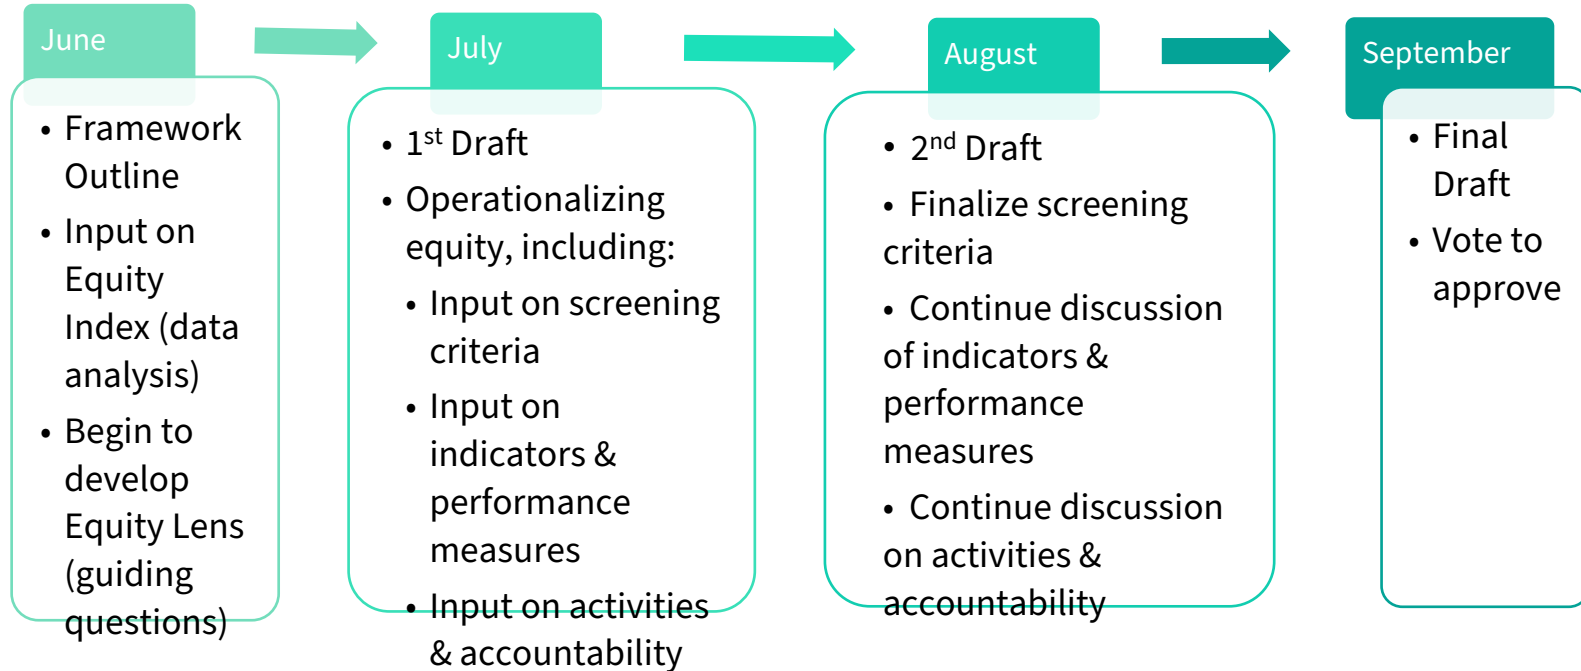

**Outcome Equity** is the result of successful Process Equity and is demonstrated by tangible transportation and economic benefits for marginalized and underserved communities.

Process Equity & Outcome Equity contribute to addressing the impacts of and removing long standing injustices experienced by these communities.

# 3. Operationalizing Equity

- ▶ Equity Results/Objectives
- ▶ Indicators & Performance Measures
  - How will we know we are achieving/making progress towards our equity objectives?
  - Includes NEPA Performance Measures
- ▶ Strategies
  - How will we meet the desired indicators?
  - Includes NEPA Screening Criteria
- ▶ Activities & Accountability
  - What is the timeline & who is responsible to implement each strategy?
  - Products & tools

# Equity Framework Development Schedule

# Building a program Equity Lens

- ▶ Many frameworks and toolkits include a series of questions that are intended to help think critically about each important step in the process.
- ▶ What **questions** should IBR teams be asking when making **key program decisions** to make sure equity is embedded throughout?

# Equity Lens Examples

# Multnomah County Equity and Empowerment Lens

- ▶ People
  - Who is positively and negatively affected (by this issue) and how?
  - Are people traumatized/retraumatized by your issue/decision area?
- ▶ Place
  - How are public resources and investments distributed geographically?
- ▶ Process
  - How are we meaningfully including or excluding people (communities of color) who are affected?
- ▶ Power
  - How is the current issue, policy, or program shifting power dynamics to better integrate voices and priorities of communities of color?

# City of Portland Racial Equity Toolkit

OFFICE of EQUITY  
and HUMAN RIGHTS  
CITY OF PORTLAND

- ▶ **Step 1: Set Equitable Outcomes** - What are the intended equitable results (in the community) and what community indicators measure those results?
- ▶ **Step 2: Collect and Analyze Data** - What are the relevant disparities for communities of color?
- ▶ **Step 3: Understand Historical Context** - Will any historical disparities/impacts be a determining factor in the ability to benefit from this proposal?
- ▶ **Step 4: Engage Those Most Impacted** - What did they tell you about the potential benefits or burdens resulting from this proposal? Did they identify any unintended consequences?

- ▶ **Step 5: Develop Racially Equitable Strategies and Confirm/Modify Outcomes** –Given what you have learned, how will the proposal increase and/or decrease racial equity? List tradeoffs if any.
- ▶ **Step 6: Implement Changes** - What is the plan for implementation? Resources (budget & staff), engagement, communications, accountability, etc.
- ▶ **Step 7: Evaluate / Accountability / Report Back** - How will you continue to partner and deepen relationships with communities of color to make sure your proposal is working and sustainable for the long haul?

# King County Equity Impact Review

- ▶ **Phase 1: Scope** – Identify who will be affected
  - Reach, Intensity, Duration
- ▶ **Phase 2: Assess equity and community context**
  - Includes identifying unpotential unintended equity outcomes
- ▶ **Phase 3: Analysis and decision process**
  - How will alternative actions differ in improving or worsening current equity conditions?
- ▶ **Phase 4: Implement** – Are you staying connected with communities and employees?
  - Are there sufficient monitoring and accountability systems to identify unintended consequences?
- ▶ **Phase 5: Ongoing Learning** – Listen, adjust, and co-learn with communities and employees
  - Learn with the community to adjust your action as their priorities and concerns shift

# Guiding Questions

What you've recommended previously:

- ▶ Are all communities that are affected by this bridge better than before it was replaced?
- ▶ Have best practices regarding accessibility been implemented?
- ▶ Do targeted outcomes align with past harms?
- ▶ Evaluation: what were we able to accomplish for targeted groups?
- ▶ Are we hiring responsible contractors with good benefits, labor practices, and DEI policies?

# Small Group Discussions

1. Is there anything **missing** from the Equity Framework outline? (7-8 mins)
2. Are there any elements you would **refine and/or change?** (7-8 mins)
3. Equity Lens: What **questions** should IBR teams be asking when making **key program decisions** to make sure equity is embedded throughout? (20 mins)

# Small Group Discussion

The EAG members are in breakout rooms. They will return to this webinar momentarily.
