IBR Community Benefits Examples Avoid Further Harm

Emilee Thomas-Peralta, Equity Team

CBAG Process Overview

► Work between phases:

- Analysis and coordination within interdisciplinary team (Design, Environmental, Procurement, Climate, Finance, DBE/Workforce, Agreements, Tribal Liaison)
- Asset mapping sessions with program partners and interested parties

IBR Equity Objective

- ▶ **Avoid Further Harm: Actively seek out options with a harm-reduction priority rather than simply mitigate disproportionate impacts on historically impacted and underserved communities and populations.**

Examples of Potential Community Benefits

▶ Avoid Further Harm:

- Improve communication with the community during construction by dedicating channels to report issues, potentially drawing inspiration from ODOT's "ask ODOT" system.
- Consider using AI and technical tools for real-time support to address community member concerns or questions.
- Perform foundation inspection/video on sensitive homes and buildings or those adjacent to high-vibration construction activities (e.g. demolition) prior to the beginning of construction to document existing condition and any subsequent damage caused by IBR.
- Define a potential good neighbor agreement for construction.

Breakout Session in Progress

We will return in 45 minutes.
